**Join other Brooklyn parents and watch your child with special needs have fun in the Soccer Stars Clinic , a non competitive, age appropriate workshop. Brooklyn parents.....learn about the NAA and why we are a valuable resource to families in which an individual is on the spectrum.**

**About Super Soccer Stars:** Super Soccer Stars for Special Needs is a unique program created exclusively for children with developmental disabilities, accommodating children with ADD, autism, and other forms of PDD NOS. The program helps children incorporate into their lives much needed notions of structure and task completion through entertaining and engaging soccer activities. Our unique age-specific, special needs curricula is designed by a combination of early childhood, behavioral, ABA, and soccer specialists to ensure that each child is learning, building self-confidence, enhancing social skills, and having a blast from the first moment on.

**About the NAA NY Metro Chapter:** NAA New York Metro <http://www.naanyc.org> is a chapter of the National Autism Association. Its geographic boundaries cover the five boroughs of New York City, Long Island, Westchester, and Rockland County.

- The chapter is led by parents, grandparents, caregivers, and professionals working with children affected by autism spectrum disorders, and their families.
- Formed in February 2008, it is incorporated as a subordinate of the National Autism Association.
- The Mission of the New York Chapter of the NAA is to educate and empower those in the Autism community. We will never give up in the search to help affected individuals reach their full potential
- This chapter was created to serve families, caregivers, and educators affected by Autism; to educate and empower individuals affected by Autism; and help them reach their full potential.

## Directions to the Field: Prospect Park at 13<sup>th</sup> St

Enter Prospect Park at the 15<sup>th</sup>, 11<sup>th</sup>, or 9<sup>th</sup> Street entrances.  
Follow the walking path just inside the park that runs parallel to Prospect Park West.  
Classes will be held in the grassy areas by the benches at 13<sup>th</sup> St.

There will be a coach at the entrance to the park.  
If you have any problems finding the location, please call our office and our staff will direct you to the field.
